

ezy-lock fence droppers

ezy-lock[™]
Fence Droppers

STRONG
and
FLEXIBLE
for the long run

ezy-lock fence droppers maximise the performance of long-run suspension fencing. Suitable for both plain and barbed wire fences.

Made from 4.00mm heavily galvanised spring wire, **ezy-lock** fence droppers take the impact from your stock easily, spring back into place and do not stay bent, crack or break.

Installing **ezy-lock** fence droppers will save you time and money by using fewer posts and increasing the service life of your suspension fencing.

No need for clips or tools, **ezy-lock** fence droppers install as ezy as **1-2-3**.

- 

1 Hold dropper against the fence. Position the dropper so that line wires can travel to the top of the **ezy-lock** knot with downward pressure.
- 

2 Twist the dropper anti-clockwise to **ezy-lock** the line wires securely into the knot.
- 

3 The top and bottom tails of the dropper are then **ezy-locked** into place by winding around the line with a screwdriver.

Ezy to remove: reverse steps **1-2-3**.

Whites code	Spacings	Length	Wires
10530	30/30	600mm	3
10531	33/28	610mm	3
10532	23/20/18	610mm	4
10533	23/23/23	690mm	4
10534	23/26/27	760mm	4
10535	26/26/26	780mm	4
10536	30/30/30	900mm	4
10537	33/28/30	910mm	4
10538	23/20/18/15	760mm	5
10539	23/20/18/15/15	910mm	6
10540	23/20/18/15/15/13	1040mm	7

Standard **ezy-lock** fence dropper specifications suit the hole and line wire spacing on Whites Wires Heavy Posts and all standard steel posts.

Ask for genuine **ezy-lock** fence droppers at your local stockist.
